## TAKING YOUR INSTRUCTOR SKILLS FROM ORDINARY TO EXTRAORDINARY

---

This workshop is designed to help current instructors evaluate their teaching abilities beyond basic competency, focusing on techniques and strategies to deliver engaging and impactful lessons in the field of food safety regulation. Get ready for an interactive learning experience that will challenge your current way of delivering training. Walk away with new ideas on how to engage your participants and make not-so-exciting topics the most memorable and enjoyable for your learners.

### Workshop Topics

|                              |                         |
|------------------------------|-------------------------|
| Welcome                      | Learning Environment    |
| You Can't Make Me            | Think on Your Feet      |
| Getting to Know You          | Show and Tell           |
| Principles of Adult Learning | Don't Lecture Me        |
| Storytelling                 | Putting It All Together |
| Learning Preference          | Wrap-Up                 |
| Instructional Methods        | Evaluation              |
